Bite: 10/flavour

Junior: 2/flavour

Tasty Little Cheesecakes is a home based small business, and has a 5-star council approved kitchen

TASTY LITTLE CHEESECAKES

BECAUSE WE ALL NEED A LITTLE "TLC"

Tasty Little Cheesecakes became a registered business in May 2011. I came up with the idea of making bite sized cheesecakes when my young son started wanting a bit of everything I had. So I thought it would be a great idea to make "bite" sizes so that not only is it the perfect size for children, but sometimes you only want a taste of something, not a big slice. This also gives you the option of ordering more than one choice from the menu.

So if you have a birthday party, work function or dinner party - Tasty little Cheesecakes has something for you!

At TLC we believe that you don't have to spend a fortune to have your dose of TLC.
